

Dear Parents and Carers,

We hope you have had a nice Easter break.
Here is our curriculum map for our topics for Summer 1.

Our PE days are still Monday and Friday so please ensure children come to school in PE kits on those days.

Best wishes,
The Year 6 Team

As Readers and Writers we will be...

Continuing to focus on reading comprehension skills, particularly inference from a variety of fiction and non-fiction texts, including poetry.

We will read *The Last Bear* by Hannah Gold. Each week we will be studying the themes that come up throughout the book.

We will continue to write a range of genres using a variety of visual stimuluses.

As Mathematicians we will be...

Revising key concepts in preparation for our SATs papers.

Is it too late to save the polar bears?

Have we always looked like this?

As Scientists we will be able to...

- Recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago.
- Recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents.
- Identify how animals and plants are adapted to suit their environment in different ways and that adaptation may lead to evolution.

As Geographers we will be able to...

- Describe and understand the climate zones.
- Discuss greenhouse gasses.
- Understand the impact of climate change on our world to date.
- Discuss how we can reduce the effects of climate change.
- Understand how Greta Thunberg is associated with climate change.

Sticky words for this term:

sustainable	climate
barren	evolution
desolate	offspring
arid	emissions
adaptation	mitigation
variation	renewable
inheritance	extinction

In PSHE we will...

Explore healthy me.

In Religious Education we will...

Follow the Leicester agreed syllabus and explore:
'How does faith help us when life gets hard?'

As Athletes, we will...

Improve our athletic skills and practice our tennis skills.
